

STANISLAUS CONSOLIDATED FIRE PROTECTION DISTRICT
POLICIES & PROCEDURES

ARTICLE: C-72
SECTION: Operations Division
DATE: March 31, 2011
SUPERSEDES: New
TITLE: Primary Response Area Policy

Description

The following policy defines the District's acceptable standard regarding movement of apparatus out of their designated primary response area.

Policy

In order to ensure adequate response coverage, apparatus will remain in their primary response area as much as practical, notwithstanding emergency incident response.

Emergency response and station move-up coverage will be followed per run-cards and/or District Policy/Procedure.

Non-emergency movement out of your primary response area will be at the direction of, or require approval of the on-duty Battalion Chief.

Upon completion of the assignment, apparatus shall return to their primary response areas as soon as practical.

Any deviation from this policy shall be with the permission of District Management.
