It will be the policy of the Stanislaus Consolidated Fire Protection District that, in order to provide a healthful work environment, the use of tobacco or tobacco products will be prohibited in the workplace.

For the intent of this policy, use of tobacco or tobacco products will include cigarettes, cigars, pipe tobacco, or chewing type tobacco.

The workplace, as defined in this policy, will include buildings or other facilities, or vehicles, owned or operated by the district. Buildings will include any structure with a roof, including tents or portable structures.

Discharge of chewing tobacco type products will be prohibited anywhere on district owned or operated property.
